REVOLTS IN REPUBLICS

Five In Central America About to Have Turmoil.

JUNTA BEING FORMED

Headquarters at New Orleans and the Countries Involved Are Honduras, Costa Rica, Salvador, Guatemala and Nicaragua.

New Orleans, Sept. 5.—The existence of an alleged junta, which is said to be collecting funds and supplies for a revolution to be started simultaneously about Nov. 1 in five Central American republics—Costa Rica, Honduras, Salvador, Nicaragua and Guatemala—has been announced here.

Don Angel Ugartel, who says he is a cousin of Polcarpe Bonilla, brother of the president of Honduras, said in an interview, "I am informed there will be a general uprising in the five republics. My mission is to collect funds for the revolution in Honduras, where Polcarpe Bonilla, my cousin, will lead the insurgent forces. The people of the five republics in Central America are all dissatisfied with their rulers."

Ugartel added that he believes the attempt at a revolution in Salvador will be a failure, but that he hopes for success in the other republics.

Ugartel came here a few days ago from Mobile, and in the hotel at which he is staying there have since been several conferences of men from the Central American republics.

So persistent have reports about such a junta become that Tobias Cuniga, who was temporarily exiled from Costa Rica about a year ago after being defeated as a candidate for president, Wednesday took occasion to deny publicly that he has any connection with the alleged revolutionary movement. His name has been connected with reports because he is on the point of going to Blue Fields, Nicaragua.

MORE INSTRUCTIONS.

They Relate to the Surrender of Paul O. Stensland.

Washington, Sept. 5.—Additional instructions have been sent by the state department to Mr. Gummer, American minister to Morocco, relating to the desired surrender of Paul O. Stensland, president of the Milwaukee Avenue State bank of Chicago, to Assistant States Attorney Olsen of Illinois, who apprehended the fugitive banker at Tangier. A file of the department to hear Tuesday from Mr. Gummer was due to the fact that the message was sent him by the state department in cipher, and Mr. Gummer did not possess a key. He asked the department to repeat it in phonology he could understand, and this was done. Until a reply arrives Mr. Scott, solicitor for the state department, will be unable to prepare the ruling asked for by Mr. Adeo as to the powers of the United States to secure Stensland and to recover the deposit of \$12,000 made by the latter in a French bank at Tangier.

TO BRING HIM BACK.

Olsen Desires Keely and Himself Delegated to Perform Duty.

Chicago, Sept. 5.—States Attorney Healy received a message from Assistant States Attorney Olsen at Tangier asking that he and James Keely, managing editor of the Chicago Tribune, who made the arrest of Stensland, be appointed to bring the ex-banker back to this country. On receiving the telegram Assistant States Attorney Barbour wired to Governor Deeney at Springfield and the governor made written request to President Roosevelt that Olsen and Keely be delegated to bring Stensland back to the United States. A messenger left Chicago for Washington with extradition papers asking for Stensland. The messenger will continue to Morocco with the papers if the state department cannot by means of cablegram induce the sultan to surrender Stensland.

Will Not Object.

Washington, Sept. 5.—Moorish authorities will interpose no objection to the removal to America of Paul O. Stensland. A Chicago dispatch to that effect has been received at the state department from Minister Gummer at Tangier dated Wednesday. The dispatch added that Stensland is a prisoner in the American legation there.

UNANIMOUSLY NOMINATED.

Macon, Ga., Sept. 5.—The unanimous nomination of Hoke Smith for governor of Georgia and the endorsement of W. J. Bryan for president in 1908 was the principal business transacted by the Democratic state convention.

JOHNSON RENOMINATED.

Minneapolis, Sept. 5.—Democratic state convention nominated Governor Johnson. He was referred to as Bryan's running mate. Bryan was endorsed. Every mention of his name caused great cheering.

FISHING SMACK TAKEN

Mexican Transport Progresso Captures Craft.

ALOAH AN AMERICAN

Captain of the Vessel Says That He Became Becalmed and Awaiting Sufficient Wind to Get Outside Limit.

Galveston, Sept. 5.—A cablegram has been received by Manager J. W. Munn of the Gulf Fisheries company of this city from the captain of their vessel, Aloah, which states that the vessel has been seized by the Mexican transport Progresso, while lying at anchor, becalmed, close into Arenas reef.

The captain also stated that he and his men are in friendly hands, and that there will hardly be a repetition of the imprisonment and cruelty practiced on American sailors of the Galveston, Pensacola and Mobile fishing smacks seized by the Mexican government a few months ago. Since the seizure of three smacks some time ago they have continued to fish in the same localities, but have carefully observed the three-mile limit set by Secretary Root as free water for all fishermen. In this case, the captain states, he had become becalmed and drifted into about one and one-half miles of the shore, and dropped anchor to await sufficient wind in order to move out to the fishing ground when taken by the Mexican vessel. Manager Munn notified the state department of the seizure and the facts connected therewith as far as known here.

SULLIVAN SCORED.

If Latter Is Accepted Bryan Will Receive Endorsement.

Chicago, Sept. 5.—W. J. Bryan, as the guest of the local Democracy, delivered Tuesday within eight hours two addresses. His first speech, which was made at a luncheon given in his honor by the members of the Iroquois club, dealt entirely with the political issues of the day. The second speech, which was made at the banquet given in his honor by the Jefferson club, was devoted to National Committeeman Roger C. Sullivan of Illinois, whose resignation Mr. Bryan had demanded, but who was endorsed by the recent state convention, which also declared itself in favor of Mr. Bryan as the next Democratic nominee for president. Mr. Bryan not only scored Sullivan and his political mottoes unmercifully, but informed the Democrats present, many of whom were delegates to the recent state convention, that if they accepted Mr. Sullivan they could not endorse him in any way. He informed them emphatically that he would have none of the approval of the Democrats of Illinois, and that he repudiated their recent endorsement of him.

As a remedy for the trust proposition Mr. Bryan said he is in favor of shutting up in the state that allowed in its corporation any trust that oppressed the people and allowing it to operate in another state. It would then be in a position to eat up the state that gave it birth, and that state would thereafter be careful not to be eaten a second time.

THIRTY PER CENT.

Prices Broke All Around When Call Money Went That High.

New York, Sept. 5.—The excited speculation in stocks was continued Tuesday, although on a somewhat diminished scale of activity from that of last week. The tone of the market became feverish in the course of that day. This was principally due to the contending effects of the speculative furore on the one hand, and the tightening money market on the other. Prices broke all around when call money reached 30 per cent.

Incidental to the furious trading in and out of the market by professional operators and by habitual speculators of the millionaire class, a churning process was kept up on a gigantic scale, consisting of manipulative orders placed in the market for both accounts and from the same sources, solely for effect on prices.

COLONEL PETTIT DEAD.

Washington, Sept. 5.—Lieutenant Colonel J. S. Pettit of the Eighth Infantry is dead. He made a good record during the Spanish-American war.

PROCTOR ELECTED.

Montpelier, Vt., Sept. 5.—Indications are that F. D. Proctor, Republican, is elected governor by an overwhelming majority.

LARGE COTTON SALES.

New York, Sept. 5.—Cotton sales Tuesday were 300,000 bales.

COTTON CROP.

Secretary Hester of New Orleans Cot-
ton Exchange Gives Figures.

New Orleans, Sept. 5.—The annual
report on the United States cotton
crop for 1906-1907, issued by Secre-

ing Indian Territory, has fallen off
558,000 bales. The group known as

that eighteen-year-old August Spenn-
rat had sent a bullet crashing through

was a member of the band that fur-
nished the music for the occasion, and
to all appearances seemed to enjoy
himself as well as any of the guests.

BAD KENTUCKIAN.

Brandishes a Knife and Demands to See W. J. Bryan.

Chicago, Sept. 5.—A white-haired man who gave his name as Samuel Browning and his residence as "Kentucky," created a disturbance among the Bryan visitors in the lobby of the Auditorium Annex Tuesday afternoon by brandishing a knife and demanding to see Mr. Bryan. The man had been about the hotel nearly all day, and had several times been asked to leave. At last he tried to force his way into Mr. Bryan's apartments, shouting: "Stand back, or I will knife some one!" He was arrested by the house detective and turned over to the police.

WAIVED SERVICE.

Segal, North and Collingwood Are Put Under Heavy Bonds.

Philadelphia, Sept. 5.—District Attorney Bell, who is investigating the looting of the Real Estate Trust company, which failed a week ago, on reaching his office Wednesday said that warrants for the arrest of the three men connected with the collapse of the institution will be served at once. The men to be arrested, he said, were Adolph Segal, promoter of many enterprises, who borrowed more than \$5,000,000 from the company on insufficient collateral; William E. North, treasurer of the Real Estate Trust company, and Marshall S. Collingwood, assistant treasurer. Warrants were issued by a magistrate in the city hall and contained charges of conspiracy, embezzlement and false returns to the state banking department.

Defendants waived service and gave bond. Segal's bond was fixed at \$25,000 and North and Collingwood's at \$10,000 each.

This turn in the affairs of the company is one of the many sensations expected to develop in connection with the failure, which is estimated will exceed \$10,000,000 before the receiver finishes his investigation.

Affidavits accompanied the warrants sworn to by Walter C. Browning for depositors and creditors of the Real Estate Trust company. They aver Segal, North and Collingwood, with Frank K. Hippel, president of the company, who committed suicide, and with other unknown persons defrauded the company "out of many millions of dollars." And they fraudulently applied the money to their own use. It is further charged that Segal was abettor to the embezzlement of many millions of dollars and that North committed perjury knowingly, having furnished to the commissioner of banking of Pennsylvania false reports as to the value of the company's assets, resources and liabilities. Collingwood and North are also accused of having received money from depositors after they knew the company to be insolvent.

PUT TO FLIGHT.

Dominican Insurgents Have Made a Precipitate Retreat.

Cape Haytien, Sept. 5.—A messenger who arrived here from Santo Domingo brought the news that the Dominican insurgents who had been besieging Monte Cristi, on the north coast of Santo Domingo, have been defeated and put to flight. Later they attacked the town of Dajabon and the government forces compelled them to seek refuge in the fort, where they are defending themselves with great courage. Fighting was still in progress when the messenger left the front.

The commander of the government forces at Monte Christi is awaiting reinforcements of 400 men before undertaking the pursuit of the rebels.

TEXAS FEVER FOUND.

Three Cows Have Died and a Quarantine Has Been Ordered.

Trenton, Mo., Sept. 5.—Dr. Samuel Shelton, state veterinarian, has discovered Texas fever in a herd of milk cows near here and ordered a quarantine. Three cows died from the disease, which is believed to have been brought to this section by a drove of western horses.

Both engines were badly smashed.

BARTHOLDT BACK.

Congressman Great Pleased With the Work of Peace Conference.

New York, Sept. 5.—Congressman Richard M. Bartholdt of St. Louis, chairman of the American delegation at the recent peace conference in London, and who arrived here, said he was greatly pleased with the work of the conference and that every friend of peace might congratulate himself on the splendid results.

He said: "We Americans may flatter ourselves that we have done our share of the work. The two main propositions which were put forth at the conference at Brussels by the American delegates were ratified at London. The first proposition provided that the Hague tribunal should formulate a plan for a general arbitration treaty to be submitted to the powers

defendants waived service and gave bond. Segal's bond was fixed at \$25,000 and North and Collingwood's at \$10,000 each.

Collingwood and North are also accused of having received money from depositors after they knew the company to be insolvent.

"It is indeed gratifying to me to see that W. J. Bryan's proposition is identical with Article II, which I drafted. That article was that even when differences arise on questions which are thought to be such that they cannot be arbitrated, but settled only by the sword, there should be an investigation."

At the close of the conference Mr. Bartholdt was one of three speakers at a reception held at the Crystal palace. His subject was "National Security by International Agreement Instead of by Military Establishment."
